OJO CALIENTE

(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of the water is from 95° to 122°. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 168.24 grains of alkaline salts to the gallon; being the richest Alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, Le Gripe, all Female Complaints, etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$5. HANNA'S TRIUMPH

Balloting Today in the House and Senate Results in Defeat of the Opposition.

THE VOTE STANDS 73 TO 68

Joint Ballot on Tomorrow Will Result in Senator's Election—Exciting Scenes in Columbus During Session of Legislature.

Columbus, Jan. 11.—Mr. Hanna got 68 votes in the house and 17 in the senate, enough to elect him.

Columbus, O., Jan. 11.—This is the day for balloting to begin on United States senator. The conference committee decided that balloting should not begin until in the afternoon, but the general public seemed to look on this announcement as a ruse to keep the crowds away. At any rate, all available space in the galleries was taken up long before the legislators convened. Morning papers were full of charges and counter-charges about officers of money to members of the legislature.

Mayor McKisson Agreed Upon.

After being in conference all night the Democratic caucus agreed on Mayor Robert E. McKisson, of Cleveland, as the only Republican proposed whom they would support in the senate. It was found absolutely impossible to agree upon either Governor Bushnell or Chas. L. Kurtz. Both names were considered and both were given up as impracticable candidates. The name of Mayor McKisson was suggested. The Democrats demanded to know whether McKisson was a free silver man or not. Not being content with the assurance of Mr. Myers and other leaders of the fusion, they sent for Mayor McKisson. He made a speech to the caucus in which he said in substance:

"Gentlemen:—I believe and before the people I am and must be a Republican. But I assure you and pledge you if I am elected to the United States senate by this fusion I will stand upon the Chicago platform."

This Pledge was Satisfactory and the caucus decided for Mayor McKisson for the long and short senator.

Great Crowd Present.

Both branches of the legislature met at 10 a. m., and many regretted that admission by ticket had not been adopted. The crowd pressed in on the floor of both bodies, and as the visitors were prominent constituents, they were not put out. In the senate a bill to repeal the 50-year street railway franchise law was postponed until tomorrow. This bill has been used against Senator Hanna in the organization of the legislature and in the senatorial fight.

Representative Cramer Ill.

Both houses voted to ballot at 11 o'clock for senator. At 10:40 a. m., a call of the house was demanded so as to put all on record as being present. The doors were locked. The roll call of the house showed Representative Cramer, Democrat, was the only absentee. He is very sick and his physician forbade his attendance. The Republicans moved to proceed with the ballot in the absence of Mr. Cramer. A close fight was made on the motion. Test vote resulted, 56 yeas, 52 nays. This was followed by great applause from the Republican side.

Charges of Bribery Made.

Representative Kenny rose to a question of privilege and had read charges of offers of a bribe to Representative Otis, of Hamilton county. He offered a resolution that a committee of five be appointed to investigate these specific charges and any other charges of bribery affecting any member of the house. Representative Ashford moved to amend the resolution that the committee of five shall be empowered to investigate any and all other charges of bribery in connection with the election of a United States senator. A motion was made on the Democratic side of the house to suspend the rules and consider the Kenny resolution at once. This was done by a vote of 52 yeas to 56 nays.

Vote on Strictly Party Lines.

The votes were on strictly party lines, with exception of Speaker Mason, of Cuyahoga; Representative Bramley, (Cuyahoga); Jones (Stark), Scott (Fulton), and Otis (Hamilton), who voted with Democratic members. The name of Marcus A. Hanna was presented by Representative R. T. Smith, of Delaware county. The name of Mayor Robert E. McKisson, of Cleveland, was presented by Representative Bramley. Representative Leland praised Mr. Hanna in a dignified manner, but Mr. Smith referred to the treachery of the party in strong terms. This brought out Mr. Bramley in vigorous terms in presenting the name of Mayor McKisson. There were loud demonstrations and hisses, with cries of "traitor" when the nomination of Mayor McKisson was announced by Representative Jones, of Stark county, also a Republican. The Democrats took no part, except in the voting and in applauding when Mr. Jones lauded President McKinley in his speech and denounced Mr. Hanna.

The cheering as the votes of Griffith, of Union; Manuel, of Montgomery; Joyce, of Guernsey; Drost, Kemper and Lane, of Hamilton, were cast for Mr. Hanna was tremendous.

Representative Otis desired to explain his vote, but was shut off under the rules and the ballot went on with cheers in the gallery for Hanna.

The Vote in Detail.

The ballot resulted as follows: For Mayor McKisson—Adams, Adkins, Alker, Barlow, Botin, Booth, Bower, Brackett, Bramley, Cline, Comper, Cox, Doran, Gayman, Goad, Hayden, Hatter, Hyde, Hull, Hunter, Jones, Kemple, Kinney, Lamb, Ludwick, MacBroom, McCauley, McClintchey, McGee, Melber, Monter, Niles, Otis, Payne, Piper, Powell, Ross, Rothe, Russell, Rulan, Schneider, Scott, Smalley, Spillmeyer, Stivers, Wayne, Williams, Mason. Total 49.

For Senator Hanna—Allan, Arbenso, Armstrong, Ashford, Baldwin, Beatty, Bell, Bennett, Bossard, Bowman, Boxwell, Beck, Brecount, Chapman, Clark, Cliffords, Davis, Drost, Dutton, Griffith, Clinton, Griffith, of Union; Hynsdel, Howard, Johnson, Joice, Kemper, Lane, Leeper, Leland, Love, McCormick, McCurdy, McKinnon, Manuel, Meacham, Means, Morrow, Norris, Parker, Rankin, of Clark; Sanrin, of Fayette; Redkey, Reynolds, Roberts, Shaw, Smith, of DeWaver; Snyder, Steward, of Clarke; Stewart, of Mahoning; Serling, Sewing, Twain, Waddell. Total 56.

For Wiley, 1; Warner, 1, and Lentz, 1.

WASHINGTON TOPICS

New Mexico Appointments Confirmed by Senate—To Pension General Meade's Daughters.

CIVIL SERVICE DEBATE ENDS

McKenna's Nomination Under Consideration—List of Presidential Appointments Sent to the Senate—Items of General Interest.

Washington, Jan. 11.—The senate has confirmed the following nominations: Associate Justices of the Supreme court of New Mexico—F. W. Parker, of New Mexico, and Jonathan W. Crum-packer, of Indiana.

Receiver of the land office at Santa Fe—E. F. Hobart.

Registers of land offices—H. Leland, at Roswell, N. M.; M. R. Otero, at Santa Fe; E. W. Fox, at Clayton.

Postmasters—New Mexico—M. J. Cuniff, at Las Cruces; L. O. Fullen, at Eddy.

Session of the Senate Today.

The senate today discussed a bill to pension General Meade's two daughters at \$100 a month each. Chairman Gallinger saying that the committee did not wish to enter on the pensioning of the daughters of veterans.

Senator Allen, of Nebraska, thought that General Meade's services justified such liberality.

No action was taken. Senator Wolcott, of Colorado, announced a speech on the money question on next Monday.

Senator Fairbanks addressed the senate on immigration.

After this speech the Hawaiian treaty was taken up in executive session.

Session of the House Today.

Mr. Moody, Republican, of Kansas, in charge of the executive and judicial appropriation bill, in accordance with the notice given by him yesterday, moved the house that all debate on the civil service bill be closed today at 5 o'clock.

Considerable opposition was manifested to the motion, but the steering committee of the Republican opponents to the civil service law had agreed on this program. The rising vote on the motion to close debate was, yeas, 92; nays, 85; and on the demand of the Democrats the roll was called.

When the roll call was concluded, the motion to close the debate stood defeated by six votes.

Three Republicans changed their votes, making it a tie. The speaker voted aye and the motion to close the debate carried. The Republicans applauded vociferously.

Debate was resumed. Mr. Brossius, chairman of the committee on civil service, opened the debate with an elaborate defense of the merit system and an argument for sustaining the law.

McKenna Case in Committee.

The senate committee on judiciary had the nomination of Attorney General McKenna to be justice of the Supreme court under consideration for two hours today, but adjourned without reaching any conclusion.

Nominations Sent to Senate.

The president today sent the following nominations to the senate: John H. Landis, Pennsylvania, collector of the mint at Philadelphia.

Consuls—W. Maxwell Green, Rhode Island, at Bermuda; Joshua Wilber, Rhode Island, at Dublin, Ireland; Henry D. Saylor, Pennsylvania, at Matanzas, Cuba.

Land Court Continued.

The senate has confirmed the following nominations: Private land claims—Thomas I. Fuller, North Carolina; William W. Murray, Tennessee; Joseph R. Reed, Iowa, chief justice; Henry C. Sluss, Kansas; W. F. Stone, Colorado.

Result of the Ballot.

Speaker Mason announced that Marcus A. Hanna, having received a majority of the votes of the house, was the victor of that body for the short term. The cheering outside the halls for Mr. Hanna was re-echoed in the ears of the members as the result was announced. The ballot for the long term resulted in the same manner, its announcement being greeted with another long and loud demonstration. On both the ballots Representative Cramer was absent, and there were thus only 108 votes cast, as follows: Hanna, 56; McKisson, 49; Wiley, 1; Warner, 1; Lentz, 1; absent, 1.

At 12:15 the house adjourned and the hall was used for a jollification meeting with the crowd singing: "Praise God, from whom all blessings flow."

In the Senate.

The senate gallery was crowded to its limit when, at 11 o'clock, the first move in the great senatorial contest was made.

Senator Sullivan nominated Mr. Hanna. During his address perfect quiet prevailed. Senator Burke nominated Mayor McKisson. Mr. Burke was the only Republican who did not vote for Mr. Hanna. The vote resulted, McKisson 49; Hanna, 56.

With 17 in the senate and 56 in the house, Mr. Hanna has just the requisite number of votes for election with all present, but in the absence of Representative Cramer, Democrat, Mr. Hanna has one to spare.

When the vote from the house was announced in the senate Republican senators stood on chairs and shouted themselves hoarse with calls for Hanna and victory. No changes of votes are expected tomorrow.

Mayor McKisson's Denial.

Mayor McKisson denies that he pledged himself last night to free silver or to stand on the Chicago platform when called into the Democratic caucus. The Democrats state that Mayor McKisson said he was a bimetalist and opposed to the policy of Secretary Gage, but would not stand for the free and unlimited coinage of silver.

Opposition Surrenders.

The opposition to Mr. Hanna has given up all hope of having any changes tomorrow on the joint ballot. Mr. Hanna received an ovation this afternoon, and for an hour shook hands and listened to exultant congratulations.

STATEHOOD DEFEAT

Delegate H. B. Fergusson Interviews Speaker Reed on the Subject—No Hope for New Mexico.

PEOPLE NOT YET READY

Bill in Reference to Public Lands Will Be Presented—Postoffice in Valencia County Discontinued After Middle of Month.

Denver, Colo., Jan. 11.—A special to the News from Washington says: Delegate Fergusson, in an interview with Speaker Reed, presented all the arguments possible for the admission of New Mexico as a state. The speaker told him with characteristic bluntness, that he would not recognize him or any member to move the passage of a statehood bill.

This, of course, kills the bill. The speaker advanced no argument except the old one that the people of New Mexico are not yet ready for statehood.

Delegate Fergusson then asked the speaker if he would not favorably consider a bill granting to the territory its public lands in advance of any action on statehood. Mr. Reed made no pledges. Mr. Fergusson will prepare a new motion containing only that portion of his statehood bill which treats of the public lands of New Mexico.

The New Mexican announced on last Tuesday that the Crown Point group of mines in the Cochiti district had been bonded to the O. P. Posey syndicate. The last number of the Bland Herald gives the following interesting details concerning this important deal:

It is definitely settled that the Crown Point group of mines has been taken under lease and bond by the Cochiti Gold Mining company, of which O. P. Posey is the principal figure, for a term of six months, during which \$10,000 is to be expended in development. This is practically a sale of this valuable property for an amount exceeding \$100,000. The group consists of the Crown Point, Giant and Bull of the Woods, three of the very best properties in the Cochiti mining district, and situated above Bland in Pino canon.

The Crown Point, which is the principal mine of the group in point of development, is about a mile from Bland and first made a shipment on March 23, 1894, continuing until the total amount of 800 tons was shipped to smelters, the gross value of which was about \$30,624, calculating the average value of the ore shipped to be about \$38.76 a ton. The amount of development at present done in shaft, drift and tunnels on the Crown Point is some 1,500 feet. A hoisting whim, ore bins and other buildings have been erected and the best of roads built to the mine.

Those holding a controlling interest in the Crown Point proper, which was the first mine in the Cochiti district to be patented, are Charles Johnson, of Massillon, O.; Frank Bruce, of Bland; James D. May, Ben Johnson and Henry Lockhart, of Albuquerque, who formed the directors of the incorporated Crown Point Mining company.

The Giant and Bull of the Woods, the other mines of the group, though less developed than the Crown Point mine, are generally considered to be the most valuable. The Giant is about a half mile above Bland and possesses a strong vein of quartz some 20 feet wide at its widest point on a cropping for a distance of over 300 feet. The Bull of the Woods, from which wonders are expected by all to be the outcome, is situated in the very heart of Bland, and outcroppings of the vein, which rises to a considerable height above the surface, show a width of as much as 50 feet for some distances. These figures may seem to be greatly exaggerated, but nevertheless, there stands the quartz visible to all who would verify the accounts of this article. It is hardly probable that the value throughout this extent of quartz is higher than a very low grade, but the existence of pay streaks of good size have been discovered, and whatever its precise value may be, there is no doubt that the Crown Point, Giant and Bull of the Woods form a group of what will yet prove to be the greatest bonanza in the Rocky mountain region.

Concerning Albemarle Operations. A contract has been let to Norman Bletcher by the Cochiti Gold Mining company for the sinking of a two compartment shaft on the principal mine of the Albemarle group, and work was begun during the week with three shifts of men, says the Herald. This contract calls for the sinking of the main shaft 60 feet below the present 80 foot level, to consist of two compartments timbered, each 54 feet in the clear. The hoist is in position and is being used in the fulfillment of the contract mentioned. Considerable other development of the several mines of the group is under way, there being over 20 men now at work. The surveying for mill and other building sites is finished. An office and sleeping apartments for the superintendent and civil engineer is completed and being used. Contracts have also been let for the construction
